Senior King

Here is our 1987 Senior King Joe Alvarez with his date Susie Imrich.

The character, spirit and pride of a school have nothing to do with the size of buildings, fancy carpets, or air conditioning. The character, spirit, and pride are the people who attend and work at the school. Each day for the past 16 years I have seen the 'people' at Gladstone display immense spirit, pride, and above all — CHARACTER! The students and staff at Gladstone make it a great school.

Mr. Valenine

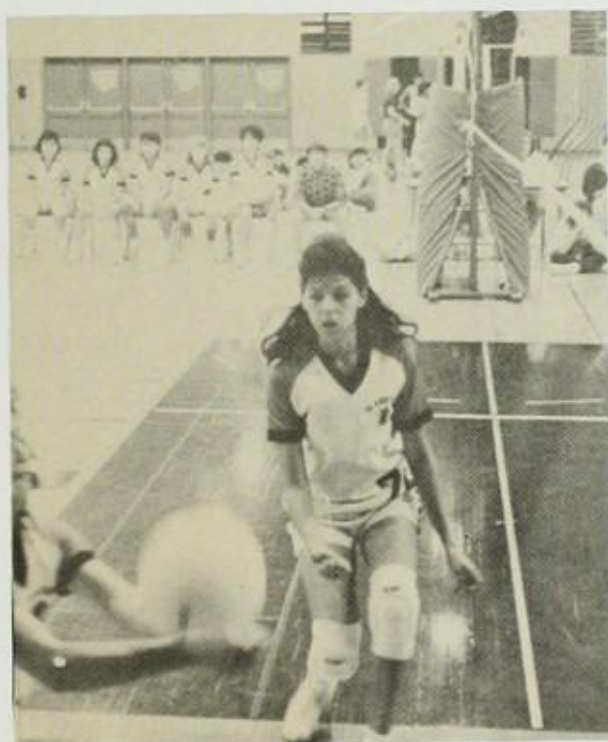

In my freshman year at Gladstone I was really nervous. Most are when going to a new school. But as the years went by I made friends and got to know people. I found out the teachers were really nice and cared about a person's education.

Now I'm a junior and I really like going here. The teachers are even more helpful than before. I hope to graduate with good grades next year. Even well after I graduate, I will always remember Gladstone High School.

Happy

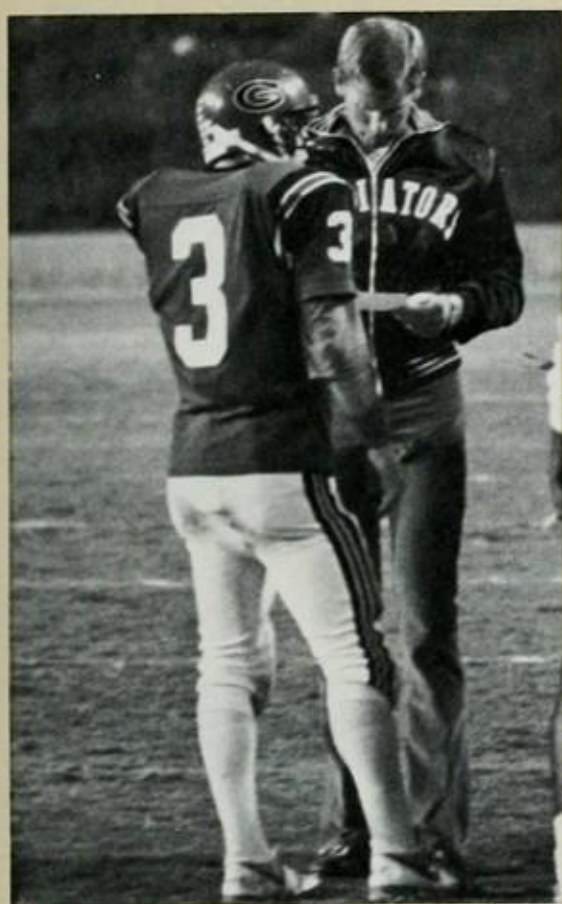

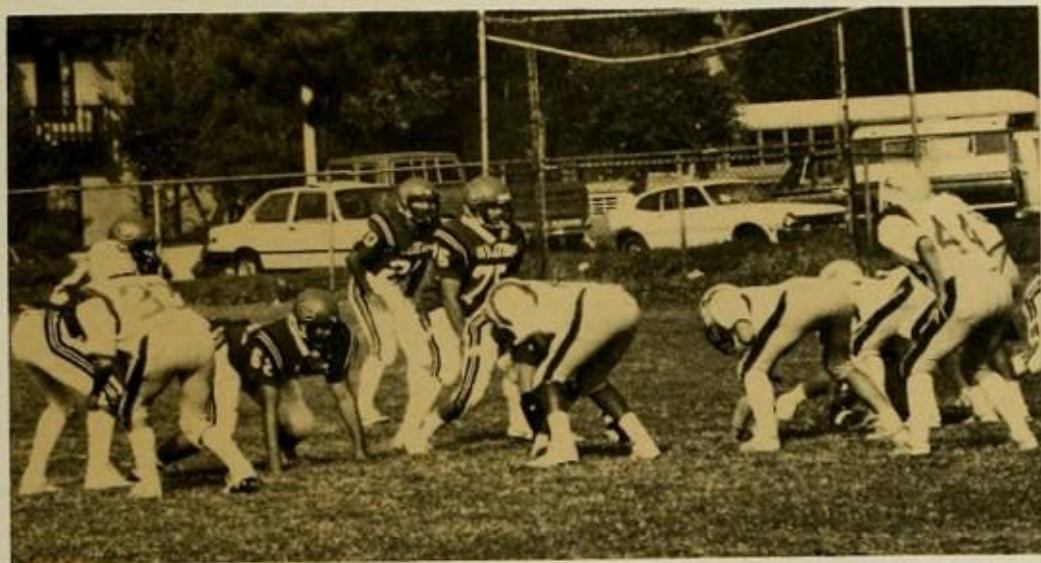

Halloween (originally All-Hallows Eve) was the date that marked the end of summer; or the time when the sun gave in to the power of darkness. People believed that the dead returned in the form of witches, goblins, and ghosts on this day. These fears of the past are all but gone; and today Halloween is more a day of fun for children — or, at least, a day for fun!

This multitude of students lined up to submit entries of art work, photos, and literature. When asked to participate in the cooperative production of the Arena, these students exemplified the Gladstone Spirit by helping to make the book better; rather than just complaining.

Winter Drama Program

Gladstone's Drama Department once again put on their annual Winter and Spring Programs. At the Winter Program they performed some well acted one-act plays. Impromptus, "Moonlighting", and "Little Women" ran top bill while the second half featured monologues and pantomimes. The Spring Program which was held in May featured "Teenage", a play about teenage life. The first semester of drama was run by Secretary Sheila Grewe, Vice-President Melissa Marring and President Marc Rinker. The second semester Brian Wildman won a close election to become President with Mike Rivas holding Vice-President honors and Rachelle Connors acting as Secretary. The Drama Department also held a Senior Banquet recognizing all of their graduating seniors.

It takes more than good pictures to make a good yearbook. It also takes money, a dedicated staff, and an advisor who is willing to take the time to see that things are done correctly. Unfortunately, our limited funds forced us to make some unpopular decisions. We are a dedicated staff, and we do have a good advisor, so we were able to compromise and put together a yearbook that is everything it should be — fantastic!

I am proud to be the editor of a great book, and a part of the BEST school!!

The 1986 Cross Country team was indeed a success. We attained our goal of going to C.I.F. With no starter on the team taller than 5'6", this 1986-1987 team played against 6-foot players in every game and did an excellent job. The Lady Glads ended the season with an 8-12 record; four of these losses were by 1, 2, 3, and 5 points. Two opponents were beaten by more than 20 points. Several people were impressed by the excellent passing ability of the team and expressed this to me. This season's efforts were team efforts and it was a very exciting season. Christina Espinosa and Zenaida Huerta were honored at All-Mont-view League players.

M.V.P.-Christina Espinosa

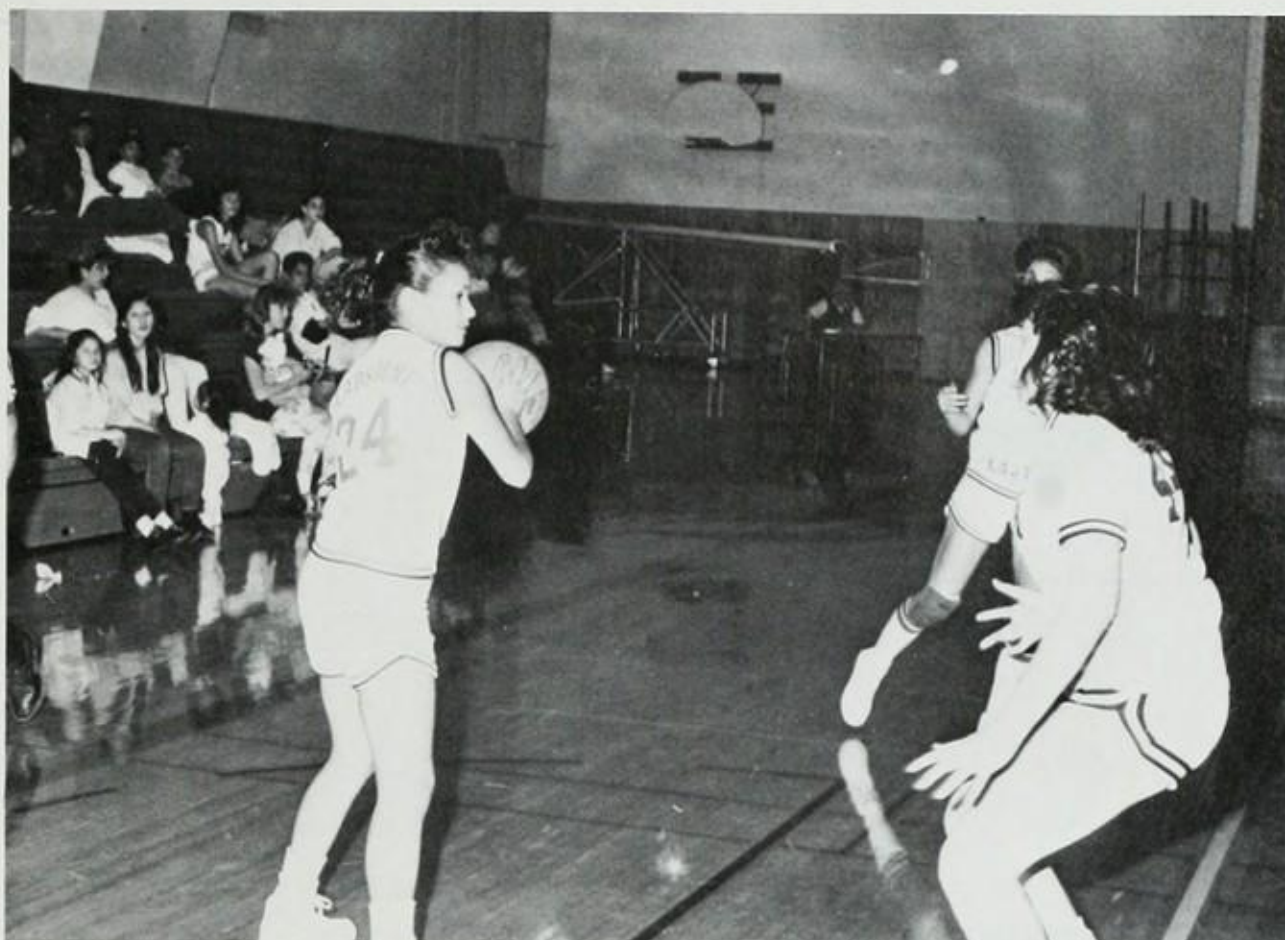

Christina led the Lady Glads by averaging 10 points and 12 rebounds a game. Her leadership was also evident in her encouragement of her teammates on the court, both in games and in practice. Her attitude of wanting to improve helped this season to be one of the best ever for Gladstone High.

Look mom! I can fly.

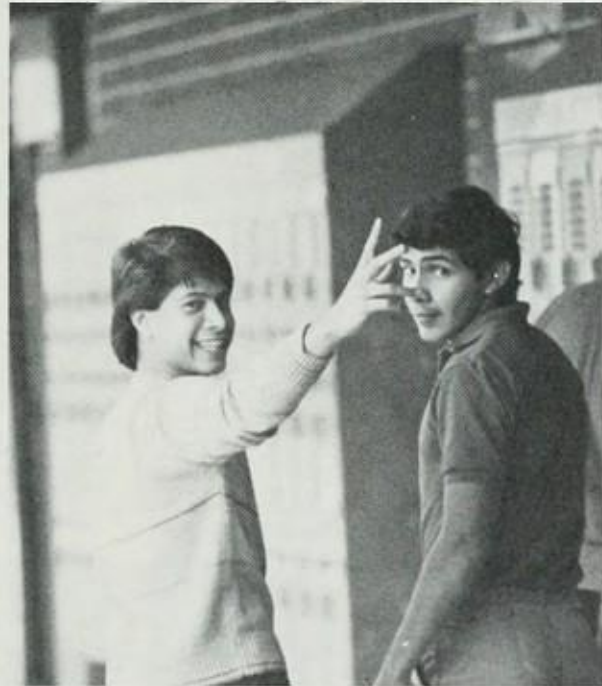

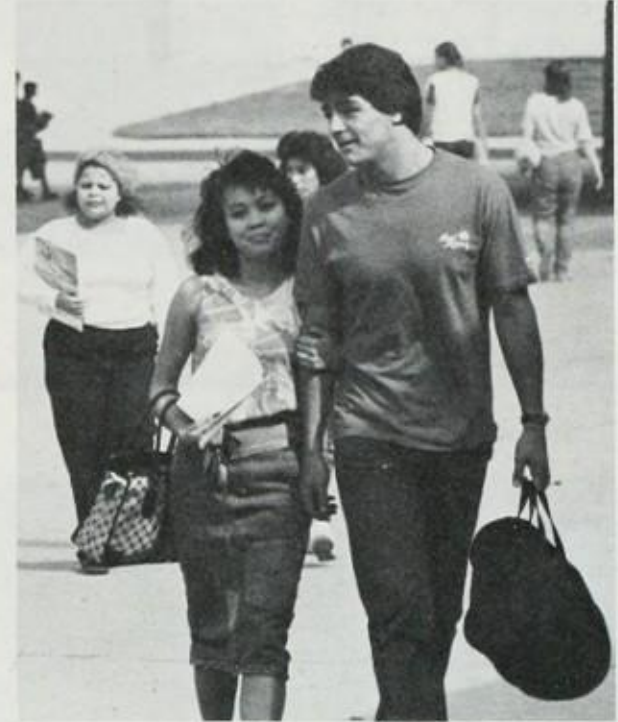

J.V. Track

I always wanted to teach at Gladstone High. I don't mean that after teaching for a while Gladstone looked good to me, no; I *always* wanted to teach here. When I first set out to find a teaching job in Azusa I looked at all the schools and said to myself, "the staff and students at Gladstone are different". Different, because they really seem to care about one another. They have problems sure, but they have something else that is special. The kids care about what they learn and how they are taught. They care about each other and show it by going out of their way for one another. I have seen students hug each other on campus, and come together to help put an end to their differences. We all cried when one of our students died, and vowed never to let the spirit of family leave. In addition, the staff of this campus are not just casual acquaintances but more like good friends to know and never forget. I am proud of us and what we all stand for. For Gladstone pride and more, For Gladstone love.

Jack Caselles

In my opinion, Gladstone is the greatest. I've gotten so much out of my years here, but the most important things I've gotten out of Gladstone are the best, most caring friends in the world!

Joann Castro

The environment at Gladstone High is different from most high schools. We don't have fences that lock us in each day. We have a clean campus and an active student body.

I think the reason for the differences is that we have people that care. Students and staff (everyone who works here) care about the school and each other. This caring makes Gladstone a special place.

I'm happy to be part of it all.

Cheryl L. Avalos

I feel that Gladstone High School is the best in the valley-with the best students. I would not want to work anywhere else. We have our problems like others, but we work together to solve them. We can hear each other. I love Gladstone.

We are proud to be part of Gladstone High School food service. It is rewarding to see our freshman classes come in as young boys and girls, watching them grow as each year goes by, and leave our school as young adults. Gladstone High is a great school.

Cafereria Staff

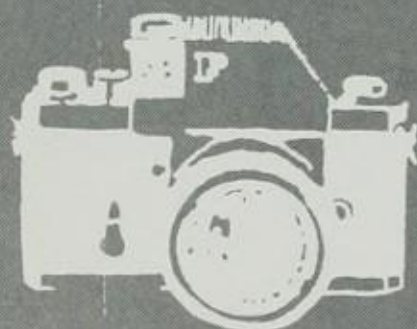

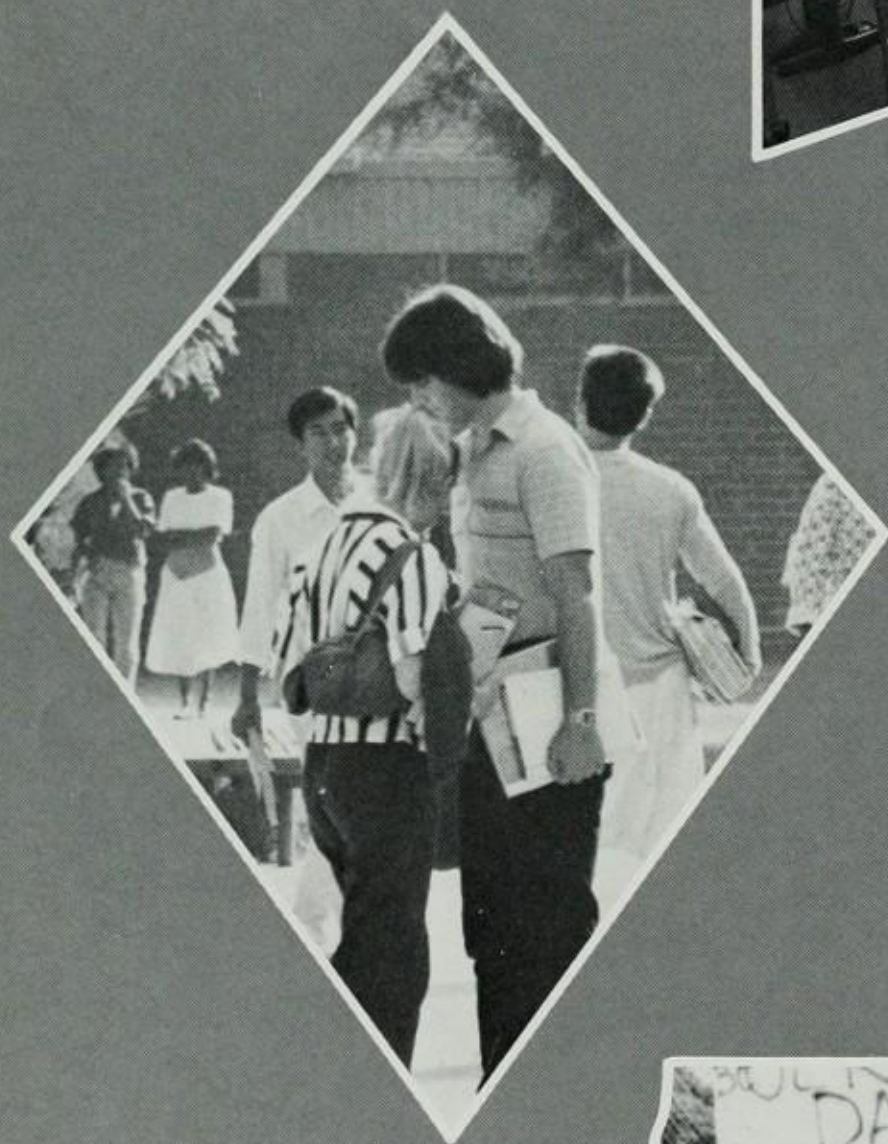

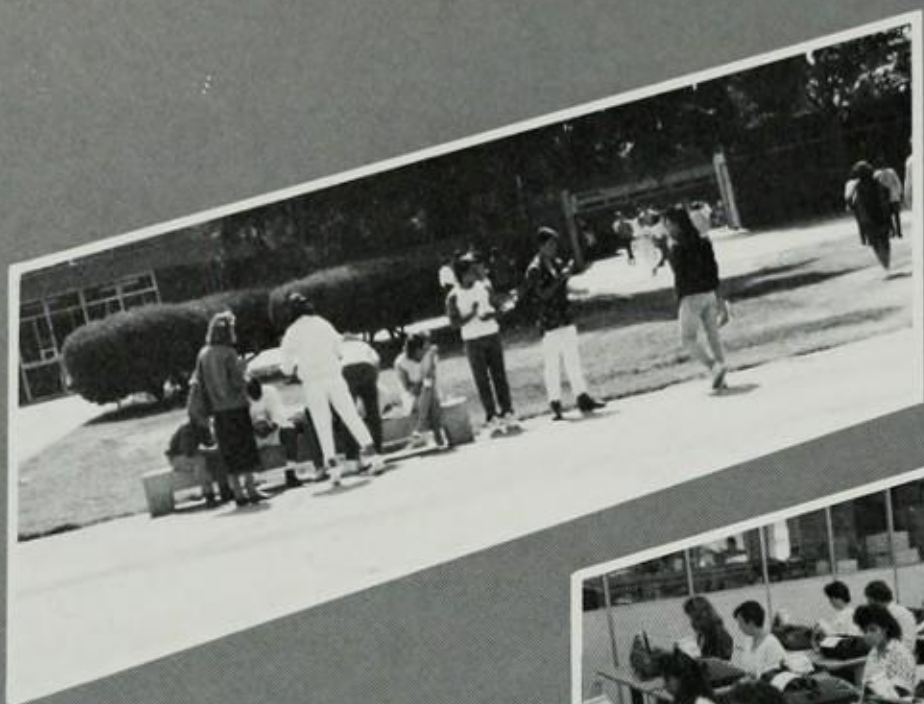

This is the end of only my second year on The Gladstone Campus but these have been the most enjoyable of my teaching years in Azusa.

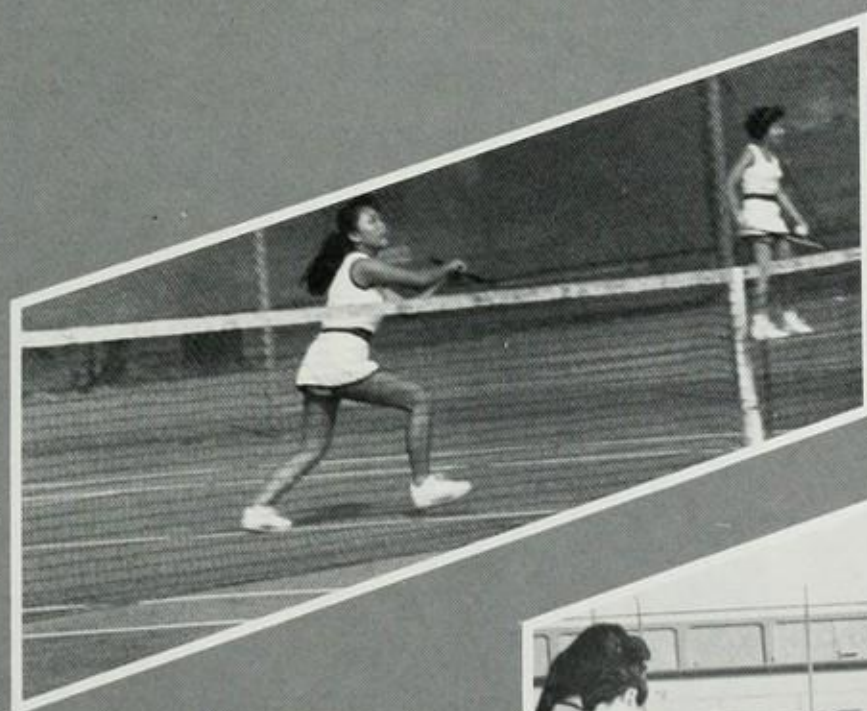

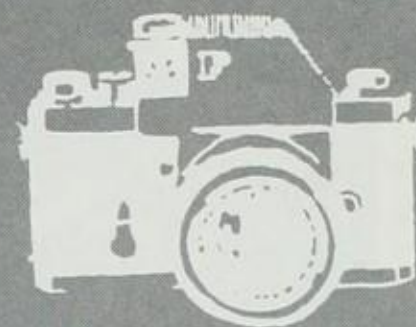

I have taught in several schools in Azusa and have found the *Students* and *Faculty* at Gladstone to be the most enthusiastic, helpful, and caring people I've been associated with in my teaching career. When I think of Gladstone-I think of "*Family*"

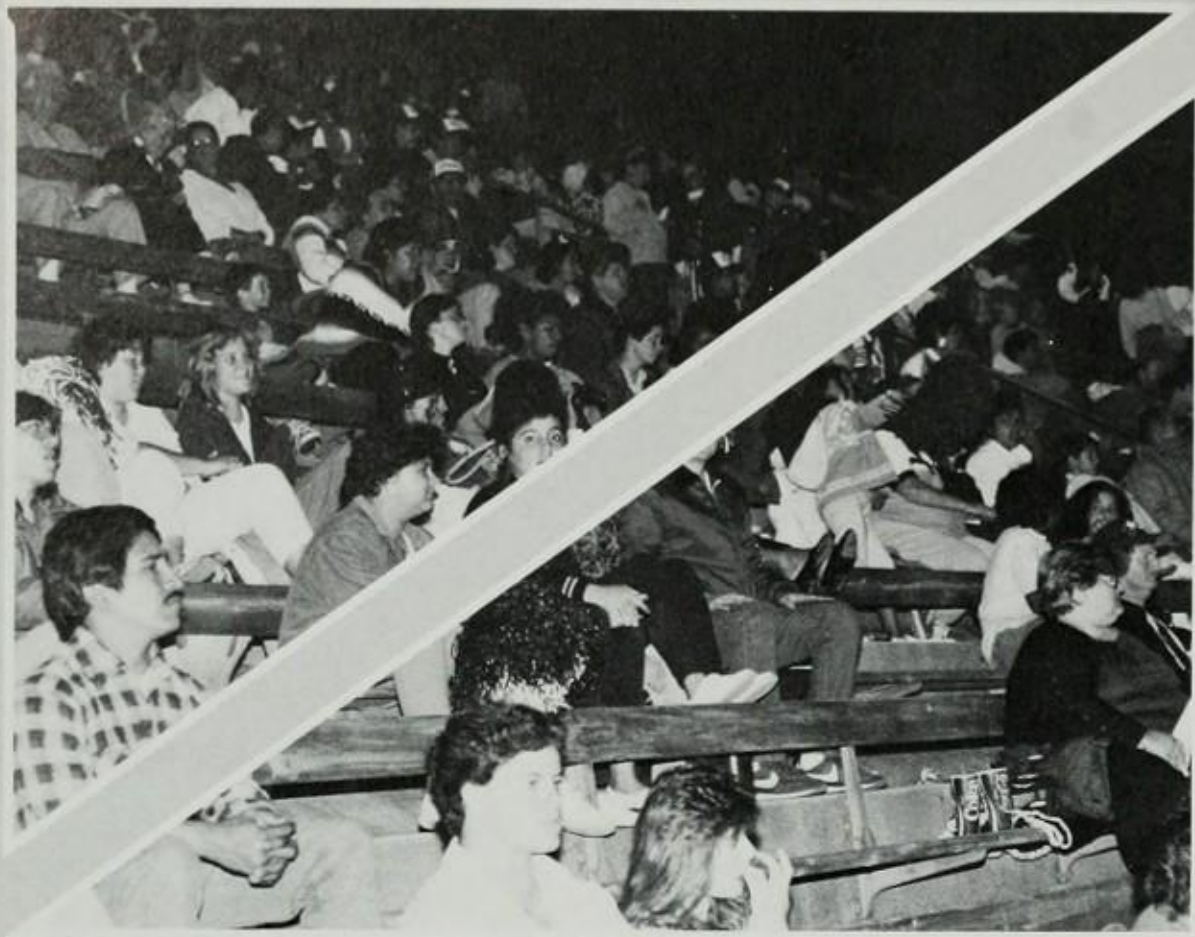

It is a privilege and a pleasure to teach and coach at Gladstone High!!

Rick Goodwin

It's not the picture ...
It's the person!!!

For me, Gladstone is:

Growth in wisdom and knowledge

Love and caring when it's needed
most

Attitudes which convey concern

Dedication to jobs well done

Strength to overcome obstacles

Teachers who care and try

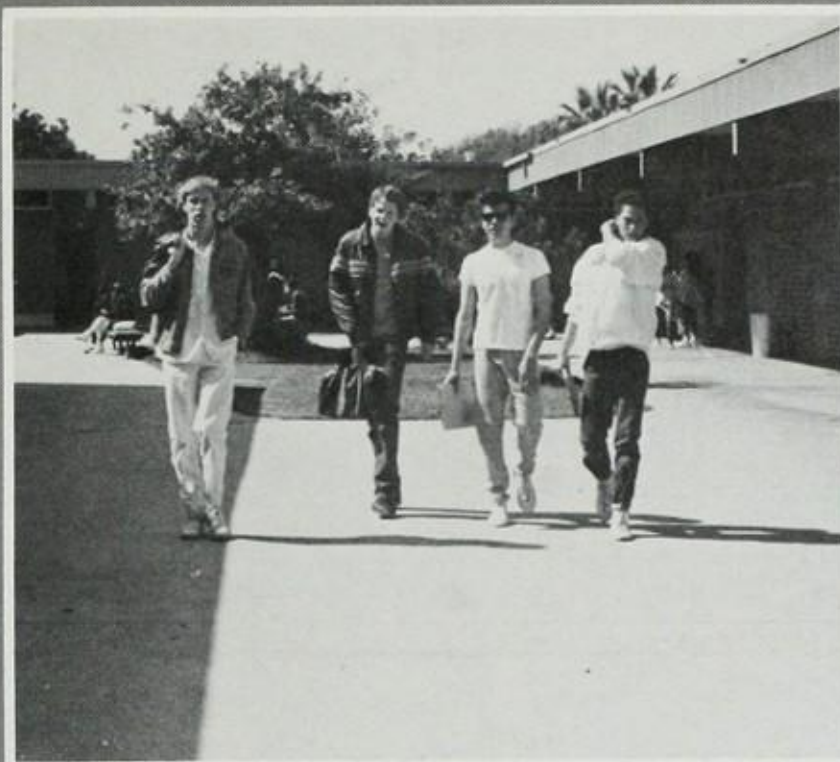

Our students who are number 1

Never a time without some kind word

Every day here is a good day

Art Mason

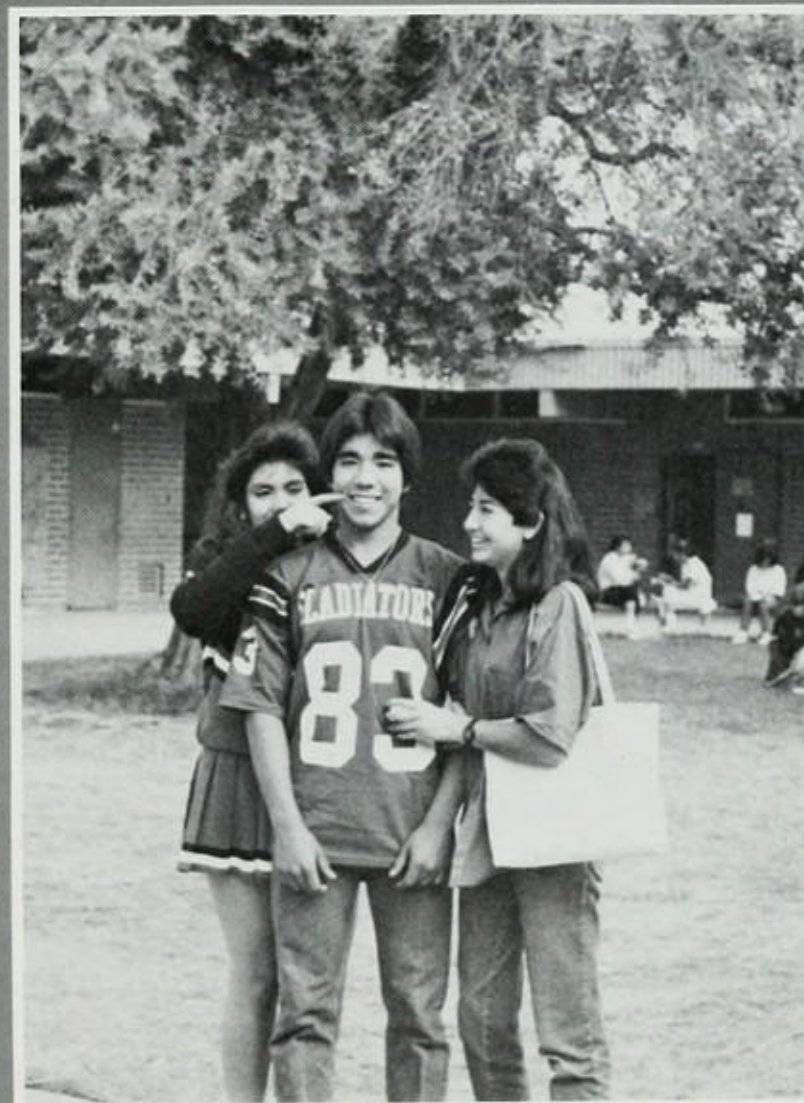

Gladstone is the last stop before we reach a horizon — independence and adulthood. Whether we are happy or sad, these are the best years of our lives.

Today we are here, together as one. But sooner or later, we'll drift apart into our own worlds. Maybe we'll never see each other again, or vaguely keep in touch. But we can all look back and say, hey, remember when we did this and did that, and laugh . . . or cry.

We can all look back and say, hey, remember when . . .

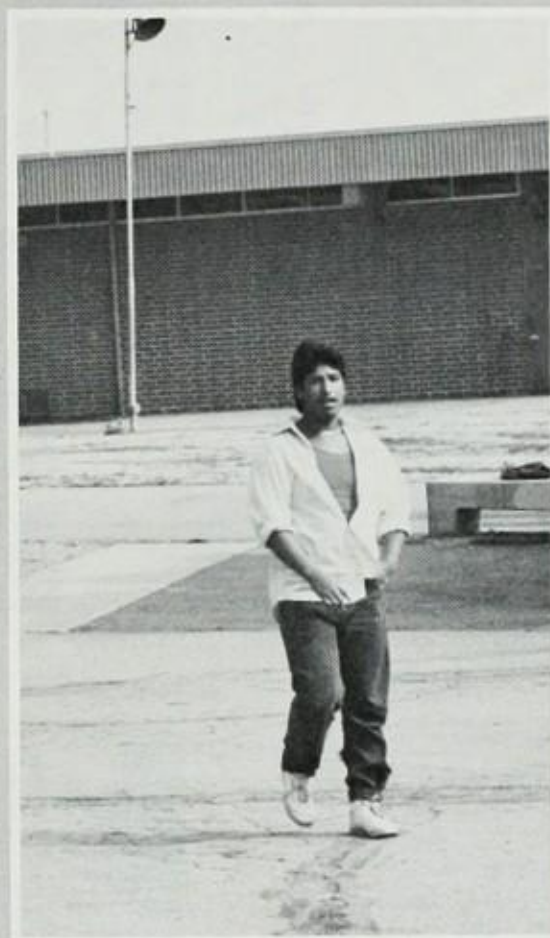

Christina Regalado

We're the school known for the "flashy" rock. The one thing most people remember about Gladstone High. I really enjoy going to school here because I make it fun. My friends and I go to all the school activities. All you have to do is get involved to make your years here at Gladstone High full of fun. Help cheer on your winning teams. I'm proud of my school. What you put into it, you get back, plus a whole lot more, like friends and the most important thing of all is the memories.

KAREN MOORE

This is my twenty-second year at Gladstone High School and I am extremely proud to be part of this environment. I have said for years that I would be proud to take Gladstone High students anywhere. They are always so well behaved off campus when we have taken them on field trips and to proms, etc.

We also take such pride in our campus! Look around for graffiti and you will find very little.

I love this place! I must, to stay here this long!

Thanks for putting up with me,

I would like to thank each football player for your dedication, hard work, and courage. Because of you young men and those who preceded you, I can look back and feel that I have never worked a day in my life — because I did what wasn't work; it was fun.

And, as I look back over many years, I find that no matter how people and times have changed, the words of Dean Elizabeth Hamilton of Miami University still ring true - "The eternal verities will always prevail. Such things as truth, honesty, character and loyalty will never change." I think players exemplify these qualities and they make them great people.

Coch Valentine

Seniors,

Congratulations! The GLADSTONE LINEBACKER'S CLUB wishes all of our seniors the best of luck in the future. We are very proud of our football players and we know they will do well in life. Our men have worked hard this year, on and off the field. The LINEBACKER'S hope you all continue your education and strive for excellence. With an outstanding season this year, you have made an excellent start. Good luck and GOD BLESS ALL OF YOU.

Yours Truly,
James T. Kimble
